Table Key:

Daily: Test will be performed daily, Monday through Friday

Request: Weekly testing may only be performed upon testing request.

**** :** For these tests, testing frequency and therefore the TAT, can be expedited for urgency after SJCPHL approval.

Notes for Turn-Around Time Estimates:

Turn-Around Time (TAT) indicates the time from receipt of the sample in the laboratory to the final report and does not include shipping time to the San Joaquin County Public Health Laboratory. All TAT estimates are based on the normal business days: Monday through Friday. Any test requiring supplemental testing by another reference laboratory will increase the stated TAT.
